

## Press Release

### **New Sales Manager of SKOV A/S**

Peter Neldorf Petersen, 46, has been appointed Sales Manager of SKOV A/S, Glyngøre, which develops and manufactures climate control and production monitoring solutions for pig and poultry houses.

He will be responsible for the company's sales and marketing activities in Denmark and on 45 export markets. Sales in Denmark are handled by the company's own sales representatives, while sales on the international markets are realised via a network of local dealers complemented by seven local sales offices with their own staffs.

Peter Neldorf Petersen, who is a qualified engineer and holds an MBA degree, has comprehensive experience with sales and exports. He joins the company from a position as managing director of the Danish radiator manufacturer Meinertz in Skanderborg. His prior appointments include the positions of business manager for the USA and Asia with Grundfos and sales manager of the Logstor group.

---

SKOV A/S is an industry leader on the international market for climate control and production monitoring of animal production. The company's products are sold both nationally and internationally, with exports accounting for about 75% of the company's total sales. SKOV employs some 260 people within development, production and sales.
