# 1 Purpose

It is the policy of SKOV A/S to ensure high quality by focusing on customer satisfaction, efficiency, consistent and reliable products and a strong commitment to our quality management and quality control systems.

## 2 Policy

### 2.1 SKOV A/S' Quality Policy

- Strengthen customer satisfaction by ensuring competencies, attitudes, and infrastructure that meet customer expectations for our products and services.
- Increase efficiency by focusing on the processes within the quality management system.
- Ensure consistent and high product quality that provides the reliability and durability expected by the market.
- Ensure commitment to the quality management system and continuous improvements, thereby creating value for both customers and SKOV.
- Maintain compliance with the quality control system in accordance with the requirements of EN ISO 9001:2015 and EN ISO/IEC 80079-34:2020 and always adhere to applicable legislation and regulatory requirements.
