

# Quality Policy

## of SKOV A/S

It is the Quality Policy of SKOV A/S to

- Strengthen customer satisfaction by ensuring competence, attitudes, and infrastructure which meet our customers' expectations regarding our products and services.
- Increase the efficiency by focusing on the quality management system processes.
- Ensure uniform and high product quality that provides the reliability and durability expected by the market.
- Ensure commitment to the quality management system and continuous improvements, thus creating value for the customers and SKOV.
- Ensure commitment to keep the quality control system in compliance with the EN ISO 9001:2015 and EN ISO/IEC 80079-34:2020 requirements and observe the current legislation and regulatory requirements at all times.
